Index of Subjects

A

Abortus Variants and Their Detection, Independent Variation of Characteristics in Brucella, 386.

Adsorbate Newcastle Disease (Avian Pest) Vaccine, 120.

Age and Time of Onset of Acute Hypoglycemia in Fasting Newborn Pigs, Studies on Baby Pig Mortality. V. Relationship Between, 235.

Agglutination Test Results in Cows Vaccinated with Brucella Abortus Strain 19, The Interpretation of Whey, 244.

Anaplasmosis, Blood Transfusions in Bovine, 284.

Anaplasmosis and Their Relationship to Chemotherapy, Variables and Constants in Experimental Bovine, 267.

Arthritis in Lambs, Corynebacterium Ovis Associated with, 294.

Avian Leucosis. I. The Transmissibility of Visceral Lymphomatosis, Studies in, 103.

Avian Leucosis. II. The Use of Biopsy Technique in the Study of Visceral Lymphomatosis, Studies in, 113.

Avian Lymphoid Tumor Strains, Immunity and Cross Immunity Reactions Obtained with Several, 128.

Avian Lymphomatosis, The Influence of Sulfamerazine upon the Incidence of, 413.

B

Baby Pig Mortality. V. Relationship Between Age and Time of Onset of Acute Hypoglycemia in Fasting Newborn Pigs, Studies on, 235.

Biopsy Technique in the Study of Visceral Lymphomatosis, Studies in Avian Leucosis. II. The Use of, 113.

Blood During Fasting and Refeeding of Weanling Pigs, Studies in Baby Pig Mortality. IV. Chemistry of the, 73.

Blood Elements in Panleucopenia (Agranulocytosis) of the Domestic Cat, The Behavior of the Peripheral, 82.

Blood Levels of Chickens Given Sodium Sulfathiazole in Drinking Water, Sulfathiazole, 307.

Blood of Normal and Estrogen-Treated Turkeys, Hemoglobin Concentrations in the, 431.

Blood Potassium and Calcium Levels of Cattle Grazing Wheat, The, 396.

Blood Transfusions in Bovine Anaplasmosis, 284.

Bones, Isolation of Clostridium Hemolyticum from, 341.

Boöphilus Annulatus, Preliminary Tests in Mexico with DDT, Cube, Hexachlorocyclohexane (Benzene Hexachloride), and Combinations Thereof, for the Control of the Cattle Fever Tick, 280.

Bovine Anaplasmosis, Blood Transfusions in, 284.

Bovine Anaplasmosis and Their Relationship to Chemotherapy, Variables and Constants in Experimental, 267.

Bovine Mastitis from the External Surface of the Teat, The Recovery of Streptococci Associated with, 321.

Bovine Mastitis in Puerto Rico, The Organisms Causing, 338.

Bovine Mastitis, Sensitivity to Penicillin of Microörganisms Associated with, 257.

Bovine Mastitis, A Technique for the Isolation of Coagulase-Producing Staphylococci from Milk in, 275.

Bovine Reproduction, Trichomonas Foetus Infection and, 343.

Bovine Trichomoniasis, Vaccination Studies on, 54.

Bovine Udder Infection and Mastitis. II. The Occurrence of Streptococcal Infection in a Cow Population During a Seven-Year Period and Its Relationship to Age, The Genesis of, 29.

Bovine Udder with Yeastlike Fungi, Infection of the, 43.

Brucella Abortus Strain 19, The Interpretation of Whey Agglutination Test Results in Cows Vaccinated with, 244.

Brucella Abortus Variants and Their Detection, Independent Variation of Characteristics in, 386.

Brucella by Ectoparasites, Infection and Transmission of, 138.

Brucella, The Immunization of Guinea Pigs with Mucoid Phases of, 374.

Brucella Suis on Storage in Liquid Culture, Viability of, 314.

Brucella Suis in Vitro and in Vivo, Effects of Penicillin on, 367.

199753

Brucellosis in Swine. VI. Clinical and Histologic Features of Intracutaneous Reactions to Fractions of Brucella Suis, Studies on, 225.

Brucellosis Tests in Cattle, Intracutaneous, 280.

C

Calcium Injections in the Cow, Physiologic Reactions to Intravenous, 260.

Calcium Levels of Cattle Grazing Wheat, The Blood Potassium and, 396.

Calf Pneumonia. I. Some Pharmacologic Aspects of Sulfonamide Administration to Normal Calves, The Chemotherapy of, 1.

Calf Pneumonia. II. The Use of Sulfathiazole, Sulfapyridine, and Sulfadiazine in the Treatment of Calf Pneumonia, The Chemotherapy of, 14.

Cat, The Behavior of the Peripheral Blood Elements in Panleucopenia (Agranulocytosis) of the Domestic, 82.

Cattle, Some Experimental Investigations on the Etiology of Leucemia in, 57.

Cattle Grazing Wheat, The Blood Potassium and Calcium Levels of, 396.

Cattle in the Gulf Coast Region of Texas, Hexachloroethane-Bentonite Suspension for Controlling the Common Liver Fluke, Fasciola Hepatica, in, 353.

Cattle, Intracutaneous Brucellosis Tests in, 280.

Chicken Embryos, Morphogenesis of the Parathyroid Glands of, 421.

Chicken Embryo Vaccine Against Newcastle Disease [Pneumoencephalitis], 91.

Chickens Given Sodium Sulfathiazole in Drinking Water, Sulfathiazole Blood Levels of, 307.

Clostridium Hemolyticum from Bones, The Isolation of, 341.

Clostridium Hemolyticum Toxin, Enzyme Activity in, 289.

Coagulase-Producing Staphylococci from Milk in Bovine Mastitis, A Technique for the Isolation of, 275.

Constants in Experimental Bovine Anaplasmosis and Their Relationship to Chemotherapy, Variables and, 267.

Correction, 324.

Corynebacterium Ovis Associated with Arthritis in Lambs, 294.

Cow, A Clue to the Cause of Milk Fever in the Metabolism of the Springing, 247.

Cow with Involvement of the Udder, Leucemic Lymphoblastoma in a, 330.

Cow, Physiologic Reactions to Intravenous Calcium Injections in the, 260.

Cows Vaccinated with Brucella Abortus Strain 19, The Interpretation of Whey Agglutination Test Results in, 244.

Cube, Hexachlorocyclohexane (Benzene Hexachloride), and Combinations Thereof, for the Control of the Cattle Fever Tick, Boöphilus Annulatus, Preliminary Tests in Mexico with DDT, 280.

D

DDT, Cube, Hexachlorocyclohexane (Benzene Hexachloride), and Combinations Thereof, for the Control of the Cattle Fever Tick, Boöphilus Annulatus, Preliminary Tests in Mexico with, 280.

Diet to Hookworm Disease in Lambs, An Experiment on the Relationship of, 400.

Dogs, Variation of the Renal Function in Normal and Unilaterally Nephrectomized, 301.

Domestic Animals, Comparison of Duodenal Glands in, 311.

Drinking Water, Sulfathiazole Blood Levels of Chickens Given Sodium Sulfathiazole in, 307.

Duodenal Glands in Domestic Animals, Comparison of, 311.

Duration of Sperm Fertility in the Ewe, 299.

E

Ectoparasites, Infection and Transmission of Brucella by, 138.

Egg, Influence of the Route of Inoculation of Newcastle Disease Virus on Selective Infection of the Embryonating, 416.

Embryonating Egg, Influence of the Route of Inoculation of Newcastle Disease Virus on Selective Infection of the, 416.

Embryos, Morphogenesis of the Parathyroid Glands of Chicken, 421.

Enzyme Activity in Clostridium Hemolyticum Toxin, 289.

Estrogen-Treated Turkeys, Hemoglobin Concentrations in the Blood of Normal and, 431.

Ewe, Duration of Sperm Fertility in the, 299.

F

Fasciola Hepatica, in Cattle in the Gulf Coast Region of Texas, Hexachloroethane-Bentonite Suspension for Controlling the Common Liver Fluke, 353.

Fasting and Refeeding of Weanling Pigs, Studies in Baby Pig Mortality. IV. Chemistry of the Blood During, 73.

Feedstuffs, A Note on the Comparison of Gases from Spontaneous and Rumen Fermentation of Certain, 391.

Fellowships Available, Research, 72.

Fermentation of Certain Feedstuffs, A Note on the Comparison of Gases from Spontaneous and Rumen, 391.

Fertility in the Ewe, Duration of Sperm, 299.

Foetus Infection and Bovine Reproduction, Trichomonas, 343.

Fractions of Brucella Suis, Studies on Brucellosis in Swine. VI. Clinical and Histologic Features of Intracutaneous Reactions to, 225.

G

Gallinarum from Turkey Eggs, Isolation of Shigella, 133.

Gases from Spontaneous and Rumen Fermentation of Certain Feedstuffs, A Note on the Comparison of, 391.

Gestation in Range Sheep, Length of, 56.

Glands in the Bovine Ileum, Submucosal, 52.

Glands in Domestic Animals, Comparison of Duodenal, 311.

Guinea Pigs with Mucoid Phases of Brucella, The Immunization of, 374.

H

Hamster, Transmission of the Virus of Newcastle Disease to the Syrian, 136.

Hemoglobin Concentrations in the Blood of Normal and Estrogen-Treated Turkeys, 431.

Hemolyticum from Bones, Isolation of Clostridium, 341.

Hexachlorocyclohexane (Benzene Hexachloride), and Combinations Thereof, for the Control of the Cattle Fever Tick, Boöphilus Annulatus, Preliminary Tests in Mexico with DDT, Cube, 280.

Hexachloroethane-Bentonite Suspension for Controlling the Common Liver Fluke, Fasciola Hepatica, in Cattle in the Gulf Coast Region of Texas, 353.

Hookworm Disease in Lambs, An Experiment on the Relationship of Diet to, 400.

Hypoglycemia in Fasting Newborn Pigs, Studies on Baby Pig Mortality. V. Relationship Between Age and Time of Onset of Acute, 235.

I

Ileum, Submucosal Glands in the Bovine, 52.

Immunity and Cross Immunity Reactions Obtained with Several Avian Lymphoid Tumor Strains, 128.

Immunization of Guinea Pigs with Mucoid Phases of Brucella, The, 374.

Infusion with Penicillin and Diluents on Streptococcic Mastitis, Efficacy of Intramammary, 325.

Inoculation of Newcastle Disease Virus on Selective Infection of the Embryonating Egg, Influence of the Route of, 416.

Intracutaneous Brucellosis Tests in Cattle, 280.

Intramammary Infusion with Penicillin and Diluents on Streptococcic Mastitis, Efficacy of, 325.

Isolation of Clostridium Hemolyticum from Bones, 341.

Isolation of Coagulase-Producing Staphylococci from Milk in Bovine Mastitis, A Technique for the, 275.

L

Lambs, Corynebacterium Ovis Associated with Arthritis in, 294.

Lambs, An Experiment on the Relationship of Diet to Hookworm Disease in, 400.

Leucemia in Cattle, Some Experimental Investigations on the Etiology of, 57.

Leucemic Lymphoblastoma in a Cow with Involvement of the Udder, 330.

Leucosis. I. The Transmissibility of Visceral Lymphomatosis, Studies in Avian, 103.

Leucosis. II. The Use of Biopsy Technique in the Study of Visceral Lymphomatosis, Studies in Avian, 113.

Liquid Culture, Viability of Brucella Suis on Storage in, 314.

Liver Fluke, Fasciola Hepatica, in Cattle in the Gulf Coast Region of Texas, Hexachloroethane-Bentonite Suspension for Controlling the Common, 353.

Lymphoblastoma in a Cow with Involvement of the Udder, Leucemic, 330.

Lymphoid Tumor Strains, Immunity and Cross Immunity Reactions Obtained with Several Avian, 128.

Lymphomatosis, The Influence of Sulfamerazine upon the Incidence of Avian, 413.

Lymphomatosis, Studies in Avian Leucosis. I. The Transmissibility of Visceral, 103.

Lymphomatosis, Studies in Avian Leucosis. II. The Use of Biopsy Technique in the Study of Visceral, 113.

M

Mammals to Newcastle Virus, The Response of Some, 427.

Mastitis, Efficacy of Intramammary Infusion with Penicillin and Diluents on Streptococcic, 325.

Mastitis from the External Surface of the Teat, The Recovery of Streptococci Associated with Bovine, 321.

Mastitis. II. The Occurrence of Streptococcal Infection in a Cow Population During a Seven-Year Period and Its Relationship to Age, The Genesis of Bovine Udder Infection and, 29.

Mastitis in Puerto Rico, The Organisms Causing Bovine, 338.

Mastitis, Sensitivity to Penicillin of Microorganisms Associated with Bovine, 257.

Mastitis, A Technique for the Isolation of Coagulase-Producing Staphylococci from Milk in Bovine, 275.

Metabolism of the Springing Cow, A Clue to the Cause of Milk Fever in the, 247.

Milk in Bovine Mastitis, A Technique for the Isolation of Coagulase-Producing Staphylococci from, 275.

Milk Fever in the Metabolism of the Springing Cow, A Clue to the Cause of, 247.

Morphogenesis of the Parathyroid Glands of Chicken Embryos, 421.

Mucoid Phases of Brucella, The Immunization of Guinea Pigs with, 374.

N

Nephrectomized Dogs, Variation of the Renal Function in Normal and Unilaterally, 301.

Newcastle Disease (Avian Pest) Vaccine, Adsorbate, 120.

Newcastle Disease [Pneumoencephalitis], Chicken Embryo Vaccine Against, 91.

Newcastle Disease to the Syrian Hamster, Transmission of the Virus of, 136.

Newcastle Disease Virus on Selective Infection of the Embryonating Egg, Influence of the Route of Inoculation of, 416.

Newcastle Virus, The Response of Some Mammals to, 427.

O

Organisms Causing Bovine Mastitis in Puerto Rico, The, 338.

P

Panleucopenia (Agranulocytosis) of the Domestic Cat, The Behavior of the Peripheral Blood Elements in, 82.

Parathyroid Glands of Chicken Embryos, Morphogenesis of the, 421.

Penicillin on Brucella Suis in Vitro and in Vivo, Effects of, 367.

Penicillin and Diluents on Streptococcic Mastitis, Efficacy of Intramammary Infusion with, 325.

Penicillin of Microörganisms Associated with Bovine Mastitis, Sensitivity to, 257.

Physiologic Reactions to Intravenous Calcium Injections in the Cow, 260.

Pig Mortality. IV. Chemistry of the Blood During Fasting and Refeeding of Weanling Pigs, Studies in Baby, 73.

Pig Mortality. V. Relationship Between Age and Time of Onset of Acute Hypoglycemia in Fasting Newborn Pigs, Studies on Baby, 235.

Pneumonia. I. Some Pharmacologic Aspects of Sulfonamide Administration to Normal Calves, The Chemotherapy of Calf, 1.

Pneumonia. II. The Use of Sulfathiazole, Sulfapyridine, and Sulfadiazine in the Treatment of Calf Pneumonia, The Chemotherapy of Calf, 14.

Potassium and Calcium Levels of Cattle Grazing Wheat, The Blood, 396.

Puerto Rico, The Organisms Causing Bovine Mastitis in, 338.

R

Renal Function in Normal and Unilaterally Nephrectomized Dogs, Variation of the, 301.

Reproduction, Trichomonas Foetus Infection and Bovine, 343.

Research Fellowships Available, 72.

Response of Some Mammals to Newcastle Virus, The, 427.

Rumen Fermentation of Certain Feedstuffs, A Note on the Comparison of Gases from Spontaneous and, 391.

S

Sensitivity to Penicillin of Microörganisms Associated with Bovine Mastitis, 257.

Sheep, Length of Gestation in Range, 66.

Shigella Gallinarum from Turkey Eggs, Isolation of, 133.

Sperm Fertility in the Ewe, Duration of, 299.

Springing Cow, A Clue to the Cause of Milk Fever in the Metabolism of the, 247.

Staphylococci from Milk in Bovine Mastitis, A Technique for the Isolation of Coagulase-Producing, 275.

Storage in Liquid Culture, Viability of Brucella Suis on, 314.

Streptococcal Infection in a Cow Population During a Seven-Year Period and Its Relationship to Age, The Genesis of Bovine Udder Infection and Mastitis. II. The Occurrence of, 29.

Streptococci Associated with Bovine Mastitis from the External Surface of the Teat, The Recovery of, 321.

Streptococcic Mastitis, Efficacy of Intramammary Infusion with Penicillin and Diluents on, 325.

Submucosal Glands in the Bovine Ileum, 52.

Suis in Vitro and in Vivo, Effects of Penicillin on Brucella, 367.

Sulfamerazine upon the Incidence of Avian Lymphomatosis, The Influence of, 413.

Sulfathiazole Blood Levels of Chickens Given Sodium Sulfathiazole in Drinking Water, 307.

Sulfathiazole, Sulfapyridine, and Sulfadiazine in the Treatment of Calf Pneumonia, The Chemotherapy of Calf Pneumonia. II. The Use of, 14.

Sulfonamide Administration to Normal Calves, The Chemotherapy of Calf Pneumonia. I. Some Pharmacologic Aspects of, 1.

Swine. VI. Clinical and Histologic Features of Intracutaneous Reactions to Fractions of Brucella Suis, Studies on Brucellosis in, 225.

T

Teat, The Recovery of Streptococci Associated with Bovine Mastitis from the External Surface of the, 321.

Texas, Hexachloroethane-Bentonite Suspension for Controlling the Common Liver Fluke, Fasciola Hepatica, in Cattle in the Gulf Coast Region of, 353.

Tick, Boöphilus Annulatus, Preliminary Tests in Mexico with DDT, Cube, Hexachlorocyclohexane (Benzene Hexachloride), and Combinations Thereof, for the Control of the Cattle Fever, 280.

Transfusions in Bovine Anaplasmosis, Blood, 284.

Transmission of the Virus of Newcastle Disease to the Syrian Hamster, 136.

Trichomonas Foetus Infection and Bovine Reproduction, 343.

Trichomoniasis, Vaccination Studies on Bovine, 54.

Tumor Strains, Immunity and Cross Immunity Reactions Obtained with Several Avian Lymphoid, 128.

Turkey Eggs, Isolation of Shigella Gallinarum from, 133.

Turkeys, Hemoglobin Concentrations in the Blood of Normal and Estrogen-Treated, 431.

U

Udder Infection and Mastitis. II. The Occurrence of Streptococcal Infection in a Cow Population During a Seven-Year Period and Its Relationship to Age, The Genesis of Bovine, 29.

Udder, Leucemic Lymphoblastoma in a Cow with Involvement of the, 330.

Udder with Yeastlike Fungi, Infection of the Bovine, 43.

V

Vaccination Studies on Bovine Trichomoniasis, 54.

Vaccine, Adsorbate Newcastle Disease (Avian Pest), 120.

Vaccine Against Newcastle Disease [Pneumoencephalitis], Chicken Embryo, 91.

Variables and Constants in Experimental Bovine Anaplasmosis and Their Relationship to Chemotherapy, 267.

Variants and Their Detection, Independent Variation of Characteristics in Brucella Abortus, 386.

Variation of the Renal Function in Normal and Unilaterally Nephrectomized Dogs, 301.

Viability of Brucella Suis on Storage in Liquid Culture, 314.

Virus, The Response of Some Mammals to Newcastle, 427.

Virus on Selective Infection of the Embryonating Egg, Influence of the Route of Inoculation of Newcastle Disease, 416.

Vitro and in Vivo, Effects of Penicillin on Brucella Suis in, 367.

Vivo, Effects of Penicillin on Brucella Suis in Vitro and in, 367.

W

Wheat, The Blood Potassium and Calcium Levels of Cattle Grazing, 396.

Whey Agglutination Test Results in Cows Vaccinated with Brucella Abortus Strain 19, The Interpretation of, 244.

Y

Yeastlike Fungi, Infection of the Bovine Udder with, 43.
